### Notice regarding the amendment of the deadline for submitting access requests Storage cycle 2026–2027

Considering:

- The Regulation on the scheduling and operation of underground natural gas storage facilities, approved by Order of the President of ANRE No. 141/2021;
- The draft Order approving the Methodology for determining the level of the mandatory minimum natural gas stock to be constituted in underground storage facilities for the period 1 April 2026 – 31 October 2026;
- Letter No. 7075/22.01.2026 submitted by the National Energy Regulatory Authority (ANRE);

Applicants may submit applications for access to the gas storage system within a maximum period of five (5) working days from the date of publication of the decision of the President of ANRE establishing the mandatory minimum natural gas stock to be maintained in underground gas storage facilities for the period from 1 April 2026 to 31 October 2026.

Access to storage capacity shall be granted as a priority to holders of natural gas supply licenses and to the transmission system operator, within the limits of the capacities set out in the previously mentioned decision.

Upon expiry of the five (5) working day period following publication of the decision, any remaining available storage capacity shall be allocated on a first-come, first-served basis.
