Main activities and responsibilities	Coordinating and overseeing the operation of underground natural gas storage facilities; Coordinating and managing the maintenance of machinery, equipment, and installations within DEPOGAZ, in order to ensure safe operating conditions and maintain the storage infrastructure at its designed capacity; Coordinating and managing the commercialization of natural gas storage services within DEPOGAZ Ploiești.
Employer name and address	SNGN ROMGAZ SA – Underground Storage of Natural Gas Subsidiary DEPOGAZ PLOIEȘTI SRL – 184 Ghe. Gr. Cantacuzino Str. 100492, Ploiești, România
Type of activity	Energy, Underground Storage of Natural Gas
Period	01.04.2018- 30.04.2026
Job/position	Head of Commercial Service
Main activities and responsibilities	Coordination and management of natural gas storage service commercialization within DEPOGAZ Ploiești.
Employer name and address	SNGN ROMGAZ SA – Underground Storage of Natural Gas Subsidiary DEPOGAZ PLOIEȘTI SRL – 184 Ghe. Gr. Cantacuzino Str. 100492, Ploiești, România
Type of activity	Energy, Underground Storage of Natural Gas
Period	01.04.2014- 30.03.2018
Job/position	Head of Commercial Service
Main activities and responsibilities	Coordination and management of natural gas storage service commercialization within DEPOGAZ Ploiești.
Employer name and address	SNGN ROMGAZ SA – Underground Storage of Natural Gas Branch – 184 Ghe. Gr. Cantacuzino Str. 100492, Ploiești, România
Type of activity	Energy, Underground Storage of Natural Gas
Period	15.05.2007-30.03.2014
Job/position	Engineer
Main activities and responsibilities	Monitoring the optimal operational performance of natural gas storage facilities; Preparing documentation for the abandonment or reactivation of wells, including wells remaining in operation; Preparing study scopes for pre-feasibility and feasibility studies required for the modernization and/or capacity expansion of existing gas storage facilities; Member of project teams for the following studies: <ul style="list-style-type: none">• Modernization of the natural gas injection/withdrawal system – Urziceni UGS;• Increasing the natural gas storage capacity of the Urziceni UGS;• Development of the Ghercești UGS;• Underground natural gas storage at the Sărmășel facility

Employer name and address	SNGN ROMGAZ SA – Underground Storage of Natural Gas Branch – 184 Ghe. Gr. Cantacuzino Str. 100492, Ploiești, România
Type of activity	Energy, Underground Storage of Natural Gas
Period	01.12.1996- 15.05.2007
Job/position	Engineer
Main activities and responsibilities	Monitoring the optimal operational performance of natural gas storage facilities; Preparing documentation for the abandonment or reactivation of wells, including wells remaining in operation.
Employer name and address	SNGN ROMGAZ S.A. MEDIAS- Ploiești Natural Gas Production Facility -184 Ghe. Gr. Cantacuzino Str. 100492, Ploiești, România
Type of activity	Energy, Underground Storage of Natural Gas
Period	12.10.1992- 01.12.1996
Job/position	Engineer
Main activities and responsibilities	Calculating production for natural gas reservoirs; Recording operating parameters of wells; Monitoring hydrodynamic well testing programs; Participating in special well workover (workover operations and well interventions).
Employer name and address	SNGN ROMGAZ S.A. MEDIAS- Ploiești Natural Gas Production Facility -184 Ghe. Gr. Cantacuzino Str. 100492, Ploiești, România
Type of activity	Energy, Underground Storage of Natural Gas
Education and training	
Period	2007-2009
Qualification / degree	MASTER'S DEGREE – MANAGEMENT IN THE OIL INDUSTRY
Main subjects studied / professional skills acquired	Fundamentals of Management, Human Resources Management, Strategic Management in the Oil Industry, Operational Management, Feasibility Studies, Investment Risk Analysis, Economic and Financial Analysis, Capital Markets
Name and type of education provider	PETROLEUM–GAS UNIVERSITY OF PLOIEȘTI
Period	1987-1992
Qualification / degree	ENGINEER Domain: Oil Specialization: Well Drilling and Oil and Gas Reservoir Exploitation
Main subjects studied / professional skills acquired	Well Drilling, Oil and Gas Reservoir Exploitation, Subsurface Hydraulics, Hydrodynamic Well Testing Petroleum and Gas Reservoir Production Engineering, Geology, Geophysics, Oil and Gas Industry Equipment, Production Simulation
Name and type of education provider	PLOIEȘTI INSTITUTE OF PETROLEUM AND GAS, FACULTY OF WELL DRILLING AND OIL AND GAS RESERVOIR EXPLOITATION
Period	14.11.2013
Qualification / degree	SPECIALIST
Main subjects studied / professional skills acquired	Preparing technical and technical-economic documentation for petroleum operations; Leading and coordinating activities related to the geological exploration of mineral resources in the oil industry; Supervising petroleum operations involving high-risk field activities in the oil sector.
Name and type of educational institution / training provider	NATIONAL AGENCY FOR MINERAL RESOURCES – ROMANIA
Level in the national or international classification	Professional Competence Certificate – Individual
Period	18.05.2015
Qualification / degree	Certified specialist: PGIU; PGD; EGIU; EGD

Main subjects studied / professional skills acquired | PGIU – Design of natural gas, biogas, and biomethane utilization systems/installations
 PGD – Design of distribution systems and biogas/biomethane production and storage installations
 EGIU – Execution and operation of natural gas, biogas, and biomethane utilization systems/installations
 EGD – Execution and operation of distribution systems and biogas/biomethane production and storage installations

Name and type of educational institution / training provider | NATIONAL ENERGY REGULATORY AUTHORITY (ROMANIA)

Level in the national or international classification | Type of certification: PGIU; PGD; EGIU; EGD

Period | January 2010

Qualification / degree | **PROJECT MANAGER**

Main subjects studied / professional skills acquired | Project management

Name and type of educational institution / training provider | RSC CONSULTING CLUJ NAPOCA
